CONGRATULATIONS PAARA!

BILL KA6LZI JUST SENT ME THE LATEST LISTING SHOWING 154 MEMBERS PAID THROUGH 1991. WE HAVE OF COURSE THE BULK OF OUR MEMBERSHIP IN THE PALO ALTO/MENLO PARK/REDWOOD CITY AREA, BUT GILROY, EL GRANADA, LIVERMORE AND MANY BAY AREA CITIES ARE REPRESENTED. THEY ALSO STRETCH OUT TO NOVATO, MARIPOSA, AND DEER PARK, WASHINGTON, INDICATING THAT PAARA FEVER CAN LAST AWHILE. HOW ABOUT YOU FAR-FLUNG MEMBERS WRITING US A NOTE IN CARE OF THE EDITOR AND TELLING US WHAT'S GOING ON IN YOUR PART OF THE WORLD.

I JUST FINISHED MOVING PAARA'S 40 METER KLM BEAM TO A MORE SUITABLE STORAGE PLACE BESIDE MY GARAGE. IF I REMEMBER CORRECTLY THIS BEAM WAS USED ONLY ONCE SOME YEARS AGO AT FIELD DAY AND THE NEXT YEAR PARTICIPATED IN A TOWER FAILURE. NO ONE HAS HAD THE COURAGE TO PUT IT UP AGAIN. IS ANYONE INTERESTED IN FORMING A 40 METER CW TEAM FOR THIS YEAR'S FIELD DAY?

KJ6TF AND I MADE OUR YEARLY TREK DOWN TO MONTEREY FOR THE FLEA MARKET. ONCE MORE IT WAS AN ENJOYABLE DRIVE AND IT GAVE ME A CHANCE TO BUY 2 USELESS OPEN CIRCUIT 6 VOLT GEL CELLS.

WE HAVE BEEN ASSURED BY SY WA6ROM THAT THE FOOTHILL FLEA MARKET WILL HAPPEN, BUT PAARA'S MONTH HASN'T BEEN SELECTED YET.

LAST MONTH'S TECHNICAL SESSION BY LARS AA6IW AND JOE KB6HDC WAS QUITE A HIT. PEOPLE HAPPILY EXAMINED HERTZ, WATTS AND SOLDER PADS FOR ABOUT 2 HOURS.

HOPE TO SEE YOU FEBRUARY 7TH!

NOTES FROM THE PAARA V.E. TEAM

At the January V.E. session the VE team administered 36 elements to 17 people.

Our test sessions are held on the 3rd Saturday of each month. The next session will be on February 15, at 11 am, at the Ampex cafeteria in Redwood City.

Team members who participated in January were: Bill, W6GUV0; Joe, KB6OWG; Ron, W6VG; Dusty, K6MPN; Joan, WA6BXT; and Dave, KB6HLR. We would very much like to add your name to this list. If you are interested in donating a few hours a month to help the VE team, contact team leader Dudley Ligon, W6WAU, at (408) 245-4801.

WELCOME!

HOW to REACT to a JAMMER

de Rich Stiebel, W6APZ

PART ONE OF A SERIES....

From time to time we hear a jammer on our favorite repeater. With the recent increase in the number of new hams on two meters, I've noticed an increase in the amount of jamming. Whether the increase is proportional to the increase in the total number of hams on two, is related to the no-code license, or is totally unrelated to either event could be the subject of an interesting study. By a jammer, I am referring to any of the following:

- 1) Intentionally placing a carrier (with or without modulation) on the frequency when someone else is transmitting with the intent of making their transmissions inaudible.
- 2) Someone repeatedly dialing the autodial without first identifying, not responding when the agency answers, and letting the phonepatch hang without terminating the call.
- 3) Playing music or obscene phone calls over the repeater.

Many people have asked "what should I do?" To some extent, how you *should* react is a function of the repeater club's philosophy. There are several points that most repeater trustees agree upon.

- Do NOT acknowledge the jammer. Most jammers of the first type above get their kicks from knowing they are being effective. If you can continue your conversation in spite of the jammer, do so. The jammer will realize the ineffectiveness of the effort and stop. If you or the station you are talking to cannot make yourselves heard above the jammer there are
